

# FOUR SEASONS

Saltburn-by-the-Sea, Cleveland • Key Healthcare Ltd

"The residents of Four Seasons have included a letter explaining the reasons they chose their individual themes, such as; Christmas, Beach Hut, Hansel & Gretel, Valentines, Australian, Spring & Autumn & Starry Night. The residents who took part loved doing it and it was touching to listen to their stories."

I chose to do a Christmas themed gingerbread house as Christmas is my favourite time of the year, and brings back happy memories of my childhood. I loved seeing all the Christmas trees with their fairy lights and the trees twinkling in the lounge windows. We always had a real Christmas tree in our house and mum would complain about the pine needles. I wanted a lot of snow and snowballs in my house as I used to love having snowball fights with my brother Malcolm. I always use to let him win as he was my little brother. The star in my house reminds me of the star of Bethlehem another important part of Christmas.

A. Lawson
